Table Mount – This mount requires a core drilled or well anchored table/counter. Ideal when there is no available wall. Takes up very little space.

Wall Mount – This is the most popular mounting option. Can be done above a table or counter top or just on the wall for a player standing or seated.

Back to Back – Easy way to mount 2 units on a table. Great space saving option that's easy to install.

Post Mount/Multi-Mount – Mount 1 unit or 2 on a post. Economical way to install 2 units anywhere. Power is often brought down from the ceiling but it is also set up for floor access.
