

Toddler Touch2Play

FUN & LEARNING!

The wall mounted Toddler Touch2Play system is designed with easy-to-play games and activities especially for younger children about ages 2 - 6.

The 50" HD touch screen driven system creates a delightful interactive experience that promotes both fun and learning. Parents and siblings love playing along, too!

The Toddler Touch2Play is durable, cleanable and includes a wonderful combination of 10 exciting games and open-ended activities.

Dimensions:
48 1/4" W x 32" H x 4" D

Choose from 17 vibrant trim colors to match any décor!

NEW FEATURE!

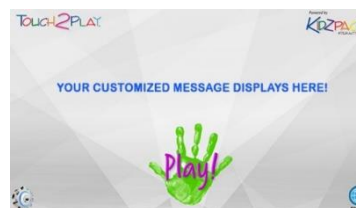

Along with the amazing games and activities, you now have the option to add 10 fun and relaxing videos from Blue Monkey Planet to your Touch2Play system. Provide games & activities, or instantly create a captivating and calming space for the little ones!

Ask us about this delightful new addition!

CUSTOM SCREENS

All Touch2Play systems include the option to customize the main screen with a personalized message. It's a great way to welcome visitors, recognize and thank any donors, or brand your system with your library logo!
