TOUCH2PLAY MAX

Wall Mount – This is the most popular mounting option. Mount above a table or counter top or just on the wall for a player standing or seated.

Table Mount – Requires a core drilled or well anchored table/counter. Ideal when there is no available wall. Takes up very little space.

Post Mount – Mount 1 or 2 units on a post. Economical way to install 2 units anywhere. Power is often brought down from the ceiling, post is also set up for floor access. Requires 4' x 2' play area.
