

## Touch2Play Junior

### FUN & LEARNING!

The Touch2Play Junior system can be wall or floor mounted and is designed with easy-to-play games and activities especially for younger children, about ages 2 - 6.

The 50" HD touch screen driven system creates a delightful interactive experience that promotes fun and learning and reduces stress and anxiety during hospital and clinic visits. Parents and siblings love playing along, too!

The Toddler Touch2Play is durable, cleanable and includes 10 exciting games and open-ended activities.

Dimensions:  
48 1/4" W x 32" H x 4 1/16" D

Choose from 18 vibrant trim colors to match any décor!

### EXTRA FEATURE!

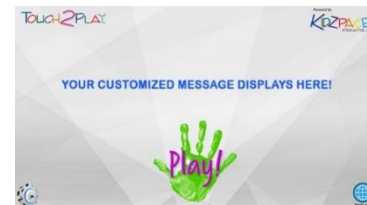

Along with the amazing games and activities, you now have the

option to add 10 fun and relaxing videos from Blue Monkey Planet to any Touch2Play system. Instantly turn your waiting space into a captivating and calming corner! Ask us about this delightful new addition!

### CUSTOM SCREENS FOR DONATIONS AND FUNDRAISING EFFORTS

Just like the Touch2Play Max, Pro and Table, the Touch2Play Junior can have its main screen customized! It's a great way to welcome visitors, recognize and thank donors and display your hospital or clinic logo.
